# AUSTRALIAN JOURNAL OF AGRICULTURAL RESEARCH

VOLUME 13

MELBOURNE
1962

## AUSTRALIAN JOURNAL OF AGRICULTURAL RESEARCH

A medium for the publication of results of original investigations in the broad field of scientific research on plants, soils, and domestic animals, covering physical, chemical, and biological aspects of this field.
Published by the Commonwealth Scientific and Industrial Research Organization.
Issued six times a year, £2 per annum.

## BOARD OF STANDARDS

The Board of Standards for this Journal is appointed by the Commonwealth Scientific and Industrial Research Organization and the Australian Academy of Science and consists of Professor Sir Macfarlane Burnet (Chairman), Dr. N. S. Noble (Editor), Professor N. S. Bayliss, Dr. J. L. Pawsey, Professor W. P. Rogers, and Professor J. S. Turner.

## ADVISORY COMMITTEE

Acceptance of papers for this Journal is in the hands of an Advisory Committee appointed by the Board of Standards in consultation with the Australian Institute of Agricultural Science and the Australian Veterinary Association and consisting of Dr. N. S. Noble (Chairman and Editor), Dr. H. E. Albiston, Professor C. M. Donald, Professor H. C. Forster, Dr. O. H. Frankel, Dr. T. S. Gregory, and Associate Professor G. W. Leeper.

All enquiries and manuscripts should be forwarded to:
The Editor,
Australian Journal of Agricultural Research,
Commonwealth Scientific and Industrial Research Organization,
314 Albert Street, East Melbourne, C.2, Victoria

MELBOURNE

# CONTENTS

## Number 1, January 1962

PAGE

Tetraploid and Hexaploid Chromosome Races of *Phalaris arundinacea* L. By J. R. McWilliam and C. A. Neal-Smith .. .. .. .. .. 1

The Relationship between Acquired Resistance to *Peronospora tabacina* in *Nicotiana tabacum* and Soil Nitrogen Levels. By M. Mandryk .. .. 10

The Absorption and Movement of $^{32}P$-labelled Systemic Insecticides in the Grape Vine (*Vitis vinifera* L.). By B. G. Coombe .. .. .. 17

Metabolic Activities of Sheep Erythrocytes. I. Glycolytic Activities. By R. A. Leng and E. F. Annison .. .. .. .. .. .. .. 31

Metabolic Activities of Sheep Erythrocytes. II. Formate Metabolism. By R. A. Leng and E. F. Annison .. .. .. .. .. .. .. 45

Studies on the Artificial Insemination of Merino Sheep. I. The Effects of Frequency and Season of Insemination, Age of the Ewe, Rams, and Milk Diluents on Lambing Performance. By S. Salamon and T. J. Robinson 52

Identification of Merino Rams Homozygous for the Poll Gene. By R. B. Dun and A. J. Morrant .. .. .. .. .. .. .. .. 69

Temperature Regulation in the New-born Lamb. IV. The Effect of Wind and Evaporation of Water from the Coat on Metabolic Rate and Body Temperature. By G. Alexander .. .. .. .. .. .. 82

Temperature Regulation in the New-born Lamb. V. Summit Metabolism. By G. Alexander .. .. .. .. .. .. .. .. 100

Temperature Regulation in the New-born Lamb. VI. Heat Exchanges in Lambs in a Hot Environment. By G. Alexander and D. Williams .. 122

Energy Metabolism in the Starved New-born Lamb. By G. Alexander .. 144

Responses of Zebu, Jersey, and Zebu × Jersey Crossbred Heifers to Rising Temperature, with Particular Reference to Sweating. By T. E. Allen .. 165

Effect of Clipping the Coat on Performance of Calves in the Field. By H. G. Turner .. .. .. .. .. .. .. .. .. .. 180

NUMBER 2, MARCH 1962

PAGE

The Effect of Soil-Water Stress on the Absorption of Soil Phosphorus by Wheat Plants. By R. G. Fawcett and J. P. Quirk .. .. .. .. 193

The Cytology and Reproduction of *Paspalum yaguaronense* (Henr.). By A. J. Pritchard .. .. .. .. .. .. .. .. .. 206

Behaviour of Annual Species of *Medicago* Introduced into a *Medicago minima* (L.) Bart.–Dominant Disclimax Community. By W. D. Andrew .. 212

*Centrosema* Mosaic: a New Virus Disease of *Crotalaria* Spp. in Papua and New Guinea. By R. J. Van Velsen and N. C. Crowley .. .. .. .. 220

Culture and Consignment Techniques Used for Parasites Introduced against Queensland Fruit Fly (*Strumeta tryoni* (Frogg.)). By G. J. Snowball, F. Wilson, and R. G. Lukins .. .. .. .. .. .. .. 233

The Introduction into Australia of Parasites of *Listroderes obliquus* Klug. By F. Wilson and G. R. Wearne .. .. .. .. .. .. 249

Death of Root-nodule Bacteria on Drying. By J. M. Vincent, J. A. Thompson, and Kathleen O. Donovan .. .. .. .. .. .. .. 258

Studies on the Artificial Insemination of Merino Sheep. II. The Effects of Semen Diluents and Storage on Lambing Performance. By S. Salamon and T. J. Robinson .. .. .. .. .. .. .. .. 271

Studies on the Carbohydrate Metabolism of Sheep. XIV. The Adrenal Response to Psychological Stress. By R. L. Reid and S. C. Mills .. .. .. 282

Studies on the Carbohydrate Metabolism of Sheep. XV. The Adrenal Response to the Climatic Stresses of Cold, Wind, and Rain. By R. L. Reid .. 296

Studies on the Carbohydrate Metabolism of Sheep. XVI. Partition of Ketone Bodies in Blood, Tissues, and Urine. By R. L. Reid .. .. .. 307

Interaction of Nutrition and Air Temperature with Water Metabolism of Merino Wethers Shorn in Winter. By R. J. H. Morris, Beth Howard, and W. V. Macfarlane .. .. .. .. .. .. .. .. .. 320

The Measurement of Total Body Water in the Sheep. By A. R. Till and A. M. Downes .. .. .. .. .. .. .. .. .. .. 335

A Stringent Test for the Artificial Rumen. By F. V. Gray, R. A. Weller, A. F. Pilgrim, and G. B. Jones .. .. .. .. .. .. .. 343

A Study of the Incisor Teeth of Beef Cattle. By N. M. Tulloh .. .. 350

The Effect of Mild Inbreeding in Two Lines of White Leghorn. By J. A. Morris 362

NUMBER 3, MAY 1962

PAGE

The Effect of a Mediterranean Summer Environment on the Permeability of Hard Seeds of Subterranean Clover. By B. J. Quinlivan and A. J. Millington .. .. .. .. .. .. .. .. .. 377

Genetic Variation in the Effectiveness of Nodulation of Lucerne Varieties. By A. H. Gibson .. .. .. .. .. .. .. .. .. 388

Effects of Gibberellic Acid on Pasture and Animal Production in Winter. By E. F. Biddiscombe, G. W. Arnold, and G. Scurfield .. .. .. 400

The Growth of Some Perennial Grasses in Waterlogged Soil. I. The Effect of Waterlogging on the Availability of Nitrogen and Phosphorus to the Plant. By A. W. Humphries .. .. .. .. .. .. .. 414

Soil Moisture Conditions and Pine Failure at Waarre, near Port Campbell, Victoria. By T. Poutsma and K. J. Simpfendorfer .. .. .. 426

An Alternative Hypothesis to Account for the Generally Low Phosphate Content of Australian Soils. By N. C. W. Beadle .. .. .. .. 434

The Utilization of Parasites of Oriental Fruit Fly (*Dacus dorsalis*) against Queensland Fruit Fly (*Strumeta tryoni*). By G. J. Snowball, F. Wilson, T. G. Campbell, and R. G. Lukins .. .. .. .. .. .. 443

Partition of Excreted Nitrogen, Sulphur, and Phosphorus between the Faeces and Urine of Sheep being Fed Pasture. By N. J. Barrow and L. J. Lambourne .. .. .. .. .. .. .. .. .. 461

The Reactions of Unshorn and Shorn Sheep to Hot Wet and Hot Dry Atmospheres. By G. H. Klemm .. .. .. .. .. .. .. 472

Studies on Salt Tolerance of Sheep. IV. The Tolerance of Sheep for Mixtures of Sodium Chloride and Calcium Chloride in the Drinking Water. By A. W. Peirce .. .. .. .. .. .. .. .. .. .. 479

The Development of the Testis of the Merino Ram, with Special Reference to the Origin of the Adult Stem Cells. By C. S. Sapsford .. .. .. 487

Interactions between Heredity and Environment in the Australian Merino. I. Strain × Location Interactions in Wool Traits. By A. A. Dunlop .. 503

Studies on the Reactions of Animals to Infestation with Ticks. VI. Resistance of Cattle to Infestation with the Tick *Boophilus microplus* (Canestrini). By R. F. Riek .. .. .. .. .. .. .. .. .. 532

Studies on Resistance in Calves to Experimental Infections with the Nodular Worm, *Oesophagostomum radiatum* (Rudolphi, 1803) Railliet, 1898. By F. H. S. Roberts, P. Elek, and R. K. Keith .. .. .. .. 551

NUMBER 4, JULY 1962

PAGE

Comparison of the Effects of the Physical and Chemical Components of Soil Water Energy on Seed Germination. By N. Collis-George and Jocelyn E. Sands .. .. .. .. .. .. .. .. .. .. 575

Interspecific Hybridization in *Phalaris*: Hybrids between *Phalaris tuberosa* and the Hexaploid Race of *Phalaris arundinacea*. By J. R. McWilliam 585

Light Relationships in Grass-Clover Swards. By W. R. Stern and C. M. Donald 599

The Influence of Leaf Area and Radiation on the Growth of Clover in Swards. By W. R. Stern and C. M. Donald .. .. .. .. .. .. 615

Studies on Translocation of Herbicides in Skeleton Weed (*Chondrilla juncea* L.). By C. G. Greenham .. .. .. .. .. .. .. .. 624

Studies on Seed Pelleting as an Aid to Legume Seed Inoculation. I. Coating Materials, Adhesives, and Methods of Inoculation. By J. Brockwell.. 638

Soil as a Factor in the Incidence of *Peronospora tabacina* Adam on Tobacco. By A. V. Hill .. .. .. .. .. .. .. .. .. 650

The Role of Solar Energy in the Drying of Vine Fruit. By B. W. Wilson.. 662

History of Outbreaks of the Australian Plague Locust, *Chortoicetes terminifera* (Walk.), between 1933 and 1959, and Analysis of the Influence of Rainfall on these Outbreaks. By M. Casimir .. .. .. .. .. 674

Effects of Pasture Maturity on the Diet of Sheep. By G. W. Arnold.. .. 701

Oestrus and Ovulation following Administration of Placental Gonadotrophins to Merino Ewes. By D. R. Lamond .. .. .. .. .. .. 707

The Application of the Technique of Egg Transfer to Sheep Breeding. By N. W. Moore and J. N. Shelton .. .. .. .. .. .. 718

The Bacteriology and Histopathology of Footrot in Sheep. By J. H. Thomas 725

Pre-Natal Growth in Romney × Southdown Cross and Australian Merino Sheep. II. Carcass Conformation in the Two Breed Groups. By S. K. Stephenson .. .. .. .. .. .. .. .. .. 733

Parasitic Gastro-enteritis of Cattle: Seasonal Fluctuations in Populations of Strongyle Larvae on a Calf Pasture and their Significance in Infection of the Grazing Animal. By P. H. Durie .. .. .. .. .. 767

The Effects of a Number of Management Practices on Chiller Beef Production in Victoria. III. Seasonal Growth Changes. By N. G. Cameron and T. J. Robinson .. .. .. .. .. .. .. .. .. 778

NUMBER 5, SEPTEMBER 1962

PAGE

The Physiological Assessment of the Nutrient Status of Plants. I. Preliminary Experiments with Phosphorus. By D. Bouma and E. J. Dowling .. 791

Frequencies of Annual Species of *Medicago* on Subgroups of the Grey and Brown Soils of Heavy Texture of the Macquarie Region of New South Wales. By F. W. Hely .. .. .. .. .. .. .. .. .. 801

Breeding for Creeping Root in Lucerne (*Medicago sativa* L.). I. The Initial Response to Selection. By H. Daday .. .. .. .. .. 813

Comparative Responses to Copper of some Tropical and Temperate Pasture Legumes. By C. S. Andrew and Peggy M. Thorne .. .. .. 821

Effects of Previous Superphosphate Applications on the Pasture Environment and the Response by Pasture to a Current Dressing. By K. D. McLachlan and B. W. Norman .. .. .. .. .. .. .. .. 836

Studies on Ensilage. II. Plant Maturity Effects in the Ensilage of Ryegrass and Clover under Laboratory Conditions. By G. W. Lanigan and V. R. Catchpoole .. .. .. .. .. .. .. .. .. 853

An Exploratory Survey of the Ecology of *Rhizobium meliloti* in Inland New South Wales and Queensland. By F. W. Hely and J. Brockwell .. 864

Grazing Management of Native Pastures in the New England Region of New South Wales. II. The Effect of Size of Flock on Pasture and Sheep Production with Special Reference to Internal Parasites and Grazing Behaviour. By W. H. Southcott, R. Roe, and Helen Newton Turner .. .. 880

The Effects of Pregnancy on the Passage of Food through the Digestive Tract of Sheep. By N. McC. Graham and A. J. Williams .. .. .. 894

Synchronization of Oestrus in Sheep by an Orally Active Progesterone Derivative. By W. H. Southcott, A. W. H. Braden, and G. R. Moule .. .. 901

Studies on the Relationship of Saliva to Rumen Function of Sheep on Low Feed Intakes. By W. R. McManus .. .. .. .. .. .. 907

Follicle Productivity and Wool Production in Romney Ewes. By D. A. Ross 924

Physiological Attributes of Coat Colour in Beef Cattle. By A. V. Schleger .. 943

The Hair Follicle Population of Cattle in Relation to Breed and Body Weight. By H. G. Turner, T. Nay, and G. T. French .. .. .. .. 960

Selection of Cattle for Tick Resistance, and the Effect of Herds of Different Susceptibility on *Boophilus* Populations. By P. R. Wilkinson .. .. 974

The Inheritance of DDT-Resistance in the Cattle Tick, *Boophilus microplus*. By B. F. Stone .. .. .. .. .. .. .. .. .. 984

The Inheritance of Dieldrin-Resistance in the Cattle Tick, *Boophilus microplus*. By B. F. Stone .. .. .. .. .. .. .. .. .. 1008

NUMBER 6, NOVEMBER 1962

PAGE

Number and Morphology of Chromosomes in African Species in the Genus *Trifolium* L. By A. J. Pritchard .. .. .. .. .. .. 1023

Studies on the Oestrogenic Potency of Subterranean Clover (*Trifolium subterraneum* L.) in South-western Australia. By H. Lloyd Davies and D. Bennett .. .. .. .. .. .. .. .. .. 1030

Relationship between Viability and Availability of *Rhizobium trifolii* Introduced into Seeds of *Trifolium subterraneum* L. by Imbibition and Pressure. By J. Brockwell and F. W. Hely .. .. .. .. 1041

A Continuous Nutrient Flow Technique for Comparative Studies in Plant Nutrition. By C. S. Andrew and W. H. J. Pieters .. .. .. 1054

Mineral Nitrogen Fluctuations in Soils under Improved Pasture in Southern New South Wales. By J. R. Simpson .. .. .. .. .. 1059

Carbon Tetrachloride Poisoning in Sheep: Effect upon the Serum $E_{260}$ Value and Plasma Volume. By C. H. Gallagher .. .. .. .. .. 1073

Some Functional Manifestations of the Protein Depletion of Sheep Tissues. By C. J. Masters and D. J. Horgan .. .. .. .. .. 1082

Studies on the Carbohydrate Metabolism of Sheep. XVII. Feed Requirements and Voluntary Feed Intake in Late Pregnancy, with Particular Reference to Prevention of Hypoglycaemia and Hyperketonaemia. By R. L. Reid and N. T. Hinks .. .. .. .. .. .. .. .. 1092

Studies on the Carbohydrate Metabolism of Sheep. XVIII. The Metabolism of Glucose, Free Fatty Acids, Ketones, and Amino Acids in Late Pregnancy and Lactation. By R. L. Reid and N. T. Hinks .. .. .. .. 1112

Studies on the Carbohydrate Metabolism of Sheep. XIX. The Metabolism of Glucose, Free Fatty Acids, and Ketones after Feeding and during Fasting or Undernourishment of Non-Pregnant, Pregnant, and Lactating Ewes. By R. L. Reid and N. T. Hinks .. .. .. .. .. 1124

Studies on the Artificial Insemination of Merino Sheep. III. The Effect of Frequent Ejaculation on Semen Characteristics and Fertilizing Capacity. By S. Salamon .. .. .. .. .. .. .. .. 1137

Index to Volume 13 .. .. .. .. .. .. .. .. .. 1151
